Recipient:

CF “Housing for IDP”

Charity Fund “Postcode Ukraine” is pleased to express its deep appreciation for the cooperation with the Charity Fund “Housing for IDP” and to confirm the successful implementation of several impactful humanitarian initiatives aimed at supporting internally displaced persons in Ukraine.

1. Irpin Dormitory Restoration Project

Launched in 2022, this initiative involved the restoration and adaptation of a damaged dormitory. The project was completed in partnership with local stakeholders and focused on rebuilding with a people-centered approach—ensuring safety, comfort, and community for those forced to flee their homes. The facility now houses 19 families and represents a sustainable, community-rooted model for IDPs' accommodation in Ukraine's recovery process.

2. Vinnytsia Temporary Housing Project for IDPs

Started in 2024, this project is creating safe, dignified, and fully equipped temporary housing for displaced families fleeing active combat zones. Through efficient coordination with local authorities and contractors, Housing for IDP successfully reconstructs and furnishes accommodation in the city of Vinnytsia, providing shelter for dozens of vulnerable people. The project was executed with strong transparency, professionalism, and care.

3. Administrative Grant Support (2024–2025)

Postcode Ukraine also provided operational support to Housing for IDP to help sustain their core activities.

We confirm that all activities were delivered as agreed, with full documentation provided, and with a strong emphasis on accountability and impact. Housing for IDP has shown high levels of responsibility, field expertise, and a deep-rooted commitment to the well-being of displaced persons.

We plan to continue supporting Housing for IDP in their future initiatives and funding applications, and we believe their continued work is essential to Ukraine's recovery and resilience.
